

7 MEN LEAVE FOR CAMP THIS WEEK FROM THIS COUNTY

Local Board For Mason County Satur-
day Received Two Calls Which
Will Take Three Men For
General Service and Four
For Limited Service.

The local board for Mason county late Saturday received from Major Henry Rhodes, chief of the Selective Service for the state of Kentucky two draft calls for this week.

The first call orders four white men to be selected from the special or limited service class to entrain on Wednesday, September 4th for Camp Wheeler, Macon, Ga., and the second call is for three white men to be selected from the general service class. One to entrain on the morning of Thursday, September 5, for Camp Zachary Taylor.

The calls for these men were issued from the office of the Provost Marshal General a week ago but Major Rhodes issued the calls to the various counties in the state Saturday. These are the first calls for the month of September which will in all probabilities be a very big month in the shipment of men to camp. It is expected that during this month there will be several calls for men in the special or limited service class but Mason county has very few men in this class.

The following men were selected by the board to entrain on Thursday, September 5th:

Terrance Mackey.
Verner Mastin.
Bruce Pence.
Jake Wiseman.

The following men leave on Wednesday, September 4, under the limited service for Camp Wheeler, Macon, Ga.:

Benjamin L. Anderson.
Pickett Helmer.
William H. Robinson.
Elmer S. Hamilton.
Ollie Berry.

See, Tuesday at Opera House "To Hell With the Kaiser."

WANTED

Boy to carry papers. Apply at this office.

REGISTRATION OF 18 TO 45 DRAFTEES ON SEPTEMBER 12

President Wilson Signs Bill and Fixes
Registration Day For Thurs-
day, September 12.

All men from 18 to 45 years of age in the continental United States, except those in the army or navy or already registered, were summoned by President Wilson Saturday to register for military service on Thursday, September 12.

Machinery of the Provost Marshal General's office was set in motion to carry out the second great enrollment under a Presidential proclamation issued soon after the President had signed the new man-power act extending the draft ages. The bill, completed in Congress Friday had been sent to the White House for the President's signature soon after the House and Senate convened Saturday.

It is estimated that at least 12,773, 758 men will register this time, compared with nearly 10,000,000 on the first registration of men from 21 to 31, on June 5, 1917. Of these who enroll now it is estimated that 2,300,000 will be called for general military service, probably two thirds of the number coming from among the 3,500,000 or more between the ages of 18 and 21.

General March has said all registrants called into the army will be in France before next June 30, swelling the American expeditionary force to more than 4,000,000 men, expected to win the war in 1919.

The last to be called will be the youths in their eighteenth year, but those of that age who desire and who have the necessary qualifications may be inducted into service on October 1 for special technical or vocational training.

Registration this time will be conducted as heretofore by the local draft boards. All Federal, state, county municipal officers are called upon to aid the board in their work, to preserve order and to round up slackers. All registrants will be classified as quickly as possible under the questionnaire system, and a drawing will be held at the Capitol to fix the order of registrants in their respective classes.

GERMANTOWN FAIR CLOSES 64th SESSION WITH MUCH SUCCESS

Old Reliable Fair Writes Another In-
teresting Chapter in Its Long and
Honorable History—Every-
thing Moving Off
Smoothly.

The Germantown Fair Saturday closed another successful meeting of four days with a splendid crowd on the grounds. Despite the fact that the weather was very threatening during the morning, there was a great crowd on the grounds by noon and in the afternoon folks swarmed in from all directions.

The last day, always the biggest, was just as great a success this year as ever before in many respects and although the war has called many of the youngsters out of Mason and adjoining counties during the past year, there was a great crowd of them on the ground during the past week. The men now in khaki who since their childhood had spent this last week in August on the Germantown Fair grounds were greatly missed this year and most every one on the grounds spoke of some fair booster who could not be here this year because of being in the army.

The class of entries in all departments this season were up to the standard and the fair was just as good as ever in every respect.

The last day's premiums were awarded as follows:

Model Horses
Model Horse, Mare or Gelding—C. T. Best, Paris; second, John Hunter, Millersburg.

Pair Horses
Pair Roadster Horses, regardless of sex or owner—J. M. Ware, Falmouth. Pair Harness Mares or Geldings, matched in color, size and action, regardless of sex, or ownership—E. T. Doty, Richmond; second, J. M. Ware, Falmouth.

Saddle Horses
Walking Horse, Mare or Gelding, 14½ hands or over—Jim Brannon, North Fork; second, John Wells, Maysville. Three-Gaited Saddle Mare or Gelding, Walk, Trot or Canter—C. T. Best, Paris; second, John Hunter, Millersburg.

Champion Harness Horse
Stallion, any age—A. G. Wilson, Trinity.

Mare, any age—C. T. Best, Paris. Best Boy Rider Under 14 Years. First premium—L. P. Boyd, Dover.

Combined Horses
Best Stable of Horses shown by one exhibitor—John Hunter, Millersburg; second, H. Parry, Maysville. Combined Horse, Mare or Gelding, 4 years old and over—E. T. Doty, Richmond; second, C. T. Best, Paris. Combined Horse, Mare or Gelding, 3 years old and under 4—John Hunter, Millersburg; second, Wm. McCann, Brooksville.

Ladies' Driving Match
First premium—Frank Browning, North Fork; second, Frank Gibbons, Maysville.

Roadsters
Roadster Horse, Mare or Gelding—A. G. Wilson, Trinity; second, H. Parry, Maysville; third, J. M. Ware, Falmouth; fourth, J. L. Kearns, Russellville.

Family Buggy Horse
Family Buggy Mare or Gelding—Frank Brannon, North Fork; second, Dean & Wood, Brooksville.

Fancy Turnout
Fanciest Double Turnout, gentleman with lady, three to enter—E. T. Doty, Richmond.

Saddle and Harness Horses
Saddle Horse, Mare or Gelding—C. T. Best, Paris; second, E. T. Doty, Richmond; third, A. W. Thompson, Maysville; fourth, Ed Perkins, Minerva.

Harness Gelding, 4 years old and over—A. W. Thompson, Maysville; second, J. A. Kearns, Russellville.

Saddle Gelding, 4 years old and over—A. W. Thompson, Maysville; second, Jim Brannon, North Fork.

Pair Harness Horses, regardless of color, sex or owner—E. T. Doty, Richmond; second, John Hunter, Millersburg.

Ladies Special Riding Match—Ade-
laide Davidson; second, Elizabeth Pickett.

See, Tuesday at Opera House "To Hell With the Kaiser."

COMMUNITY CHORUS IS ORGANIZED
The Mason County Community Chorus has organized by selecting the following officers:

President—Mrs. Thomas M. Russell
First Vice President—Miss Florence Cochran.
Second Vice President—Mr. George Royse.
Chairman—Mrs. Jennie Zeigler.
Treasurer—Miss Minerva Stockton.
Secretary—Miss Elizabeth Reed.
Director—Carl Dodds.

PERONNE FALLS AS FRENCH AND AMERICANS ADVANCE

Haig Takes Peronne and Suburbs of
Lens Are Reached—Yanks Take
600 Prisoners in Two Miles

London, September 1.—Peronne, the railroad center at the bend of the river Somme, taken by the Germans in their offensive last March, was recaptured today by forces of Field Marshal Haig.

The towns of Bullecourt and Morval also were captured by the British. The British have reached the suburbs of Lens. Large fires are burning in the neighborhood of Lens and Armentieres. These are regarded as an indication of a further German retirement.

Paris, September 1.—In the region north of Soissons French troops last night stormed the town of Leury and captured a thousand Germans, the French war office announced today.

French troops have crossed the Somme canal at Epenancourt seven miles south of Peronne. Douy Le Petit, two miles northeast of Nesle, has been captured by the French.

With the American Army in France, September 1.—The American troops in their drive beyond Juvigny last night and today advanced about two miles and captured nearly 600 prisoners together with considerable war supplies.

The advance from Juvigny began at 4 o'clock Saturday and the Americans had gained their objective by 9 o'clock at night. Ragged points in the new line were smoothed out today.

In addition to the 600 prisoners, two pieces of artillery were captured and a great number of machine guns and trench mortars. Trenches, shell holes and the open field were strewn with German dead.

The drive forward from the positions north and south of Juvigny proved a field day for the Americans and their allies, the French. The artillery literally blasted a way through the enemy ranks, tearing down defenses and leveling the ground while allied planes maintained complete and uninterrupted connection by radio with battery commanders throughout the engagement. The infantry, when called upon for its part in the dramatic venture, responded like veteran troops after a long rest, and with enthusiastic shouts began the pursuit of the Germans who were not caught in the terrific barrage.

With the infantry went the tanks, and it was a different story from that when they first advanced against Juvigny. Two companies, thirty tanks, had been detailed for the work.

See, Tuesday at Opera House "To Hell With the Kaiser."

TWO RETURNED FROM CAMP

James Clark and John Carpenter, two Mason county men sent to Camp Zachary Taylor last week by the Mason County Exemption Board, returned home last night having failed to pass examination given by army officers at the camp.

SOLDIERS AND SAILORS PASS THROUGH

A train load of soldiers from the state of Iowa and a train load of Jackies from the Great Lakes Naval Training station passed through the city yesterday morning.

HAWAIIAN WITH WHITE WOMAN CAUSES EXCITEMENT

Action of Couple on the Street Causes
Their Being Taken Before Chief
of Police Who Orders Them
Off the Streets.

Considerable excitement was caused on the streets here early Saturday evening when a Hawaiian, a member of a musical troupe which was in Maysville recently, was seen walking about the streets with a white girl. Their actions on the street are said to have been such as to attract the attention of the public and cause so much excitement as to necessitate their being taken into custody by the police and taken to police headquarters.

It is said that the man and girl had been walking about the streets for some time holding hands and otherwise openly showing affections for each other. Some thought the Hawaiian was a Negro and both whites and blacks made complaint to the police.

Chief Ott advised the couple to get off the streets to show their affections for one another and dismissed them. It is understood that the Hawaiian was a member of a musical troupe which appeared at a local theater here last winter and at that time met the Maysville girl. He returned several days ago for a visit and has been on the streets with her several times.

LUCKY NUMBER IS 3594

At the drawing held at Merz Bros. store this morning Number 3594 was drawn as the lucky number and the holder of this ticket is entitled to the attractive kitchen cabinet upon which tickets have been given at this store for several weeks past.

USEFUL GIFT FREE

To all school children who buy their school books from DE NUZIE.

NEW SUPERINTENDENT IS INSTALLED

At a special service held yesterday at the Christian Church Mr. Carl Daulton, recently elected Superintendent of the Sunday School, was installed. There was a very large audience in attendance and the special service was very interesting.

See, Tuesday at Opera House "To Hell With the Kaiser."

Mr. A. J. Grundy and son, J. C. Grundy, of Lebanon, Ky., have been visiting Judge and Mrs. A. M. J. Cochran and other relatives.

DON'T WEAR OUT YOUR EYES Wear Glasses

IS THE CRISIS OF THE WAR NEAR?

Military critics and students of the Great War at last agree at least upon one phase of the titanic struggle—and that is that the crucial hour has almost struck. Events during the past few days, piling so rapidly upon one another, seem to have culminated rather suddenly into a turn of affairs which point to a crisis, now daily imminent.

Frank H. Simonds, the New York Tribune expert, than whom there is no more careful student and conservative prognosticator of things to come in this war, has the following to say of the new situation as it looms today:

"There is no mistaking the fact that the whole German resistance at critical points show signs of cracking, and I am informed from Paris that there is a very general belief in that city that the Hindenburg line will be in Allied hands by October 1. This is obviously extreme optimism, but it finds an interesting confirmation in the message Clemenceau has just addressed to the general councils of France. The German is still fighting bravely and with skill and determination, but the hopeful and significant thing is that despite his colossal efforts he is being defeated heavily and continuously.

"We have still to keep our feet solidly on the ground, despite the amazing turn of events and the ever-growing magnitude of our successes. The decisive stage of our campaign, or offensive of this year, has not yet come. It cannot come until the battle for the Hindenburg line begins. That battle may begin at any moment, but if it does it will be on new fields, north of Arras or east of Rheims, or in both regions, thus recalling the double thrust on Champagne and Loos in 1915. In a word, Ludendorff's center is now that beaten host retiring upon the Hindenburg line, which offers it a possible rallying ground. But in the nature of things an Allied attack upon the flanks, turning the Hindenburg line and abolishing the position to which the beaten center is retiring in manifest disorder, is the stroke to be expected. If it comes, then it will be followed by a real disaster, for the beaten center will then have not respite short of the Meuse, and this means a new retreat without any chance to reorganize and rest.

"All now depends upon two things, the extent to which the center can be hurried and demoralized before it gets to the Hindenburg line and the ability of Foch to strike on the flanks and thus abolish the German line in France from Lille to Verdun. A more interesting and a more critical fortnight than that which is before us is impossible to imagine. More than this, recognizing how futile is forecasts at such a time, we can yet see that events are at least tending rapidly toward producing another Leipsic, not a Sedan or even a Jena, but a Leipsic, a defeat which threw Napoleon back into France and settled the fate of his ten years' struggle for the supremacy in Europe.

"Watch the flanks, keep track of the prisoners and guns taken; by contrasts pay relatively little attention to ground gained in front of the Hindenburg line; this is the advice all military commentators are giving today. The present hour is the best since the war began for the Allied cause; it holds out great present possibilities, it insures ultimate military decisions over the enemy, absolute and unqualified."

All this being true, which we believe and trust is, the world is actually upon the eve of momentous events which mean more to the future of civilization than any other in all history.

So, we Americans at home, far from the bloody fields of France, where thousands of our boys are fighting and bleeding and dying, wait patiently, confidently, with a steadfast hope, that when the crucial moment arrives, right and justice shall prevail, to the end that the world shall at last be free. Let this be our prayer in the coming days.

SOME OF THE BITS YOUR LIBERTY BOND WILL DO

If you buy a \$100 bond of the Fourth Liberty Loan you are lending the United States Government enough money to feed a soldier in France a little more than seven months. Or you have furnished enough money to give him a complete outfit of winter and summer clothing, including shoes and stockings, and slicker and overcoat and blankets with enough left over to arm him with a good revolver. You have done that much to beat back the Hun.

It takes \$35 more to arm him with a rifle with a bayonet on it, and if you buy a second \$100 bond you furnish him this rifle and 1,000 cartridges for it; and there will still be enough of your money left to purchase a goodsized bomb to throw in a dugout, or demolish a machine gun together with the Huns operating it.

King Ferdinand, of Bulgaria, who is reported as with the Kaiser at grand army headquarters, probably will wire home to his prime minister to cash in and quit the game at the first opportunity.—Indianapolis Star.

UNCLE SAM'S PARTNER

(Courtesy of Life and Charles Dana Gibson.)

Planting home gardens, producing more food, and saving food are all war-time efforts of this government in which the women of America have co-operated loyally. We are all in the home army; the home army here must help the fighting forces and home armies over there; 120 million Allies must eat.

A LABOR DAY MESSAGE

By W. B. Wilson
Secretary of Labor.

This Labor Day finds America at the greatest crisis in history. The Nation is engaged in the greatest war the world has ever seen, and upon the results of this war will depend the fate of humanity for centuries.

We have sent a great Army abroad to cooperate with the armies of our allies. Our Navy is clearing the seas of the German submarines. Our men in blue and khaki have won glory by many heroic deeds; they have helped to inflict upon the foe a crushing defeat which, we hope, may prove the turning point of the war.

But whether it does prove such depends as much upon those who remain at home as upon those who go abroad to fight. We have no fears for our soldiers in France, provided we can keep them well fed, well clothed and properly equipped; they have already shown themselves more than the equal of the Kaiser's best troops.

Upon this day, of all days, we must consider seriously the problem before us at home. We must maintain our armies in the field at the top-notch fighting strength, and we must supply the needs of our allies and the starving people of Belgium.

This is a day when Labor must consecrate itself to a great task—the task of winning the war. For this tremendous duty halfway measures will not suffice. There must be absolute loyalty and devotion to the Nation's cause—these, I believe, our people have already shown beyond a question. But more than this, there must be a clear understanding of the great need, and a new determination to gratify it.

Maximum production is the goal for which we must strive. With every workman giving his utmost strength and will power, we shall attain it. The task will not be easy, nor the effort small; but we have no choice. To save all that we hold dear, we must work, work, work for the boys in France and the Allies. One phrase sums it up: "Work as you would fight."

The coal mines are doing that. They have produced the greatest amount of coal in history, despite the heavy loss of men through enlistment.

Many records have been broken in shipbuilding. Great industrial plants are producing material for the army at unprecedented speed. The Nashville powder plant, the greatest in the world, was completed three months ahead of time.

One workman made a record by driving 4,875 rivets in one day. Only a short time afterward, the mark was passed by another who drove 5,000. Now we are told that a workman has driven 6,000 rivets in one day. Such deeds as these show the spirit that animates our people and have served as examples to stimulate the whole great body of Americans to nobler tasks.

JULY EXPORTS SHOW INCREASE

Exports of American goods increased slightly in July as compared with June, while imports fell off slightly, according to an announcement today by the Bureau of Foreign and Domestic Commerce, Department of Commerce.

Exports increased from \$485,000,000 in June to \$508,000,000 in July. For the seven months ended with July the foreign sales totaled \$3,483,000,000 as compared with \$3,661,000,000 for the corresponding period of the previous year.

The gold movement in 1918 has been much less important than in 1917. For the first seven months of this year \$52,000,000 represents the imports of gold; in 1917 the imports for the seven months period was \$505,000,000. Exports amounted to \$29,000,000 this year, as against \$272,000,000 last year.

The silver movement has increased in importance, the total imports being \$40,000,000 for the first seven months of this year, as against \$22,000,000 last year, and exports reaching a total of \$235,000,000 as compared with \$44,000,000 for the first seven months of last year.

The glory of it all is that labor has visualized the needs of our armies and our peoples and its own relation to the necessities. Labor accepts that responsibility enthusiastically, loyally. With our splendid Army on the battle fields of Europe, reinforced by an efficient industrial army in America, militarism is doomed to defeat. Democracy will be triumphant on earth.

RED CROSS AIDS MANY THOUSANDS AND FRENCH CIVILIANS

Washington, D. C.—Some 12,566 civilians were reached in France through the American Red Cross in July, according to cables reaching the national headquarters. About 120 delegates of the organization directed this work.

In addition to this 32,000 school children of Paris were furnished with lunches, and the emergency relief committee aided 45,000 refugees passing through Paris. The need were given 296,710 garments, 56,64 pairs of shoes, 17,222 pieces of furniture, 60,078 articles of bedding, 85,569 yards of cloth, and 663,671 pound of food. Total financial assistance last month to the refugees amounted to \$21,585 francs, the cables added.

TAYLOR

The Celebrated Psychologist

Palmist and Psychic

Was born with a strange and remarkable power—power not meant to gratify the idle curios, but to direct, advise and help men and women who are in trouble and suspense concerning the everyday affairs of life. The great questions of life are quickly solved, failure turned to success, sorrow to joy; truths laid bare by this wonderful man. Tells you of your secret troubles, the cause and remedy. Advice on all affairs of life.

Fee Within the Reach of Everyone. Parlor Arranged So That You Will Meet No Strangers. Office Hours, 10 A. M. to 8 P. M.

Private Parlor Located at Mrs. C. Beckett's, 1006 Forest Avenue, Near Corner Wood Street, Maysville, Ky.

Safety, Convenience, Economy!

These are the strong points of advantage to be derived from the use of a private lock box in our modern fire and burglar proof vault. It is one of the strongest built. It is of the most modern type and construction. Built of the hardest and thickest steel, it is drill-proof and air and water tight.

If you have a Liberty Bond, note, will, deed, marriage certificate, life or fire insurance policy, jewelry, or in fact and valuable or papers or heirlooms you should protect yourself against loss by renting a box in this vault.

A private lock box, with two keys, can be rented for less than one cent a day. It may be worth \$5,000 to you some day. Can you afford to be without one at so small a cost?

OHIO ENTITLED TO BARGE LINE APPORTIONMENT

Secretary of Rivers and Harbors Congress Traveling Through Ohio River Towns and Cities Urges Government Owned Barge Line.

"There is no reason why the Ohio River should not be included in the Government program of building boats and barges for freight lines to relieve the railroads in taking care of the increased freight tonnage created by the war."

This is the feeling of John H. Hohenberger, Evansville, Ind., Field Secretary of the National Rivers and Harbors Congress, with headquarters at Washington, D. C.

Mr. Hohenberger is making a tour of Ohio Valley cities and towns, stirring up sentiment among officials and commercial organizations for a barge line.

"We should get \$10,000,000 from the Government for this purpose," he said. "The Lower Mississippi received \$3,200,000, and the Upper Mississippi \$3,800,000. The Ohio River tonnage is bigger than that of the Lower Mississippi River's tonnage. It has a longer boating stage than the Upper Mississippi."

Mr. Hohenberger reports he had received favorable responses from many Chambers of Commerce in cities along the Ohio and its tributaries, and he felt hopeful of his plan to get a large representation from the entire valley at the next meeting of the Ohio Valley Improvement Association at Louisville, Ky., in October.

This convention, he said, probably will impress on Secretary McAdoo the need of restoring tonnage carriers on the Ohio to replace the craft cut down and destroyed by ice last winter.

LABOR DAY, 1918

By Frank Morrison

Secretary American Federation of Labor.

When the comparatively few trade-unions of our various communities paraded on Labor Day, 25 years ago, their motives were questioned in many instances and newspapers gave them scant publicity.

This year, when the hosts of organized labor, now numbering 3,000,000 members, march in their "Win the War" parades they will be acclaimed by those who formerly even denied their purpose.

This changed public opinion has been gradual through constant agitation, education, and organization, but it has been quickened the past year because of organized labor's prompt acceptance of autocracy's challenge against democratic ideals.

Organized labor has not depended upon words to prove its patriotism. Its whole-hearted support of the Government in the present crisis should be sufficient answer to any query on this subject. This support is of the kind that befits men and women imbued with our Republic's ideals, and who realize that when a government that is founded on these ideals falls the loss is an individual one for every American citizen worthy of the name.

Organized labor distinguishes between a government that rests on the whim of one man or a small group of men and a government of, by, and for the people.

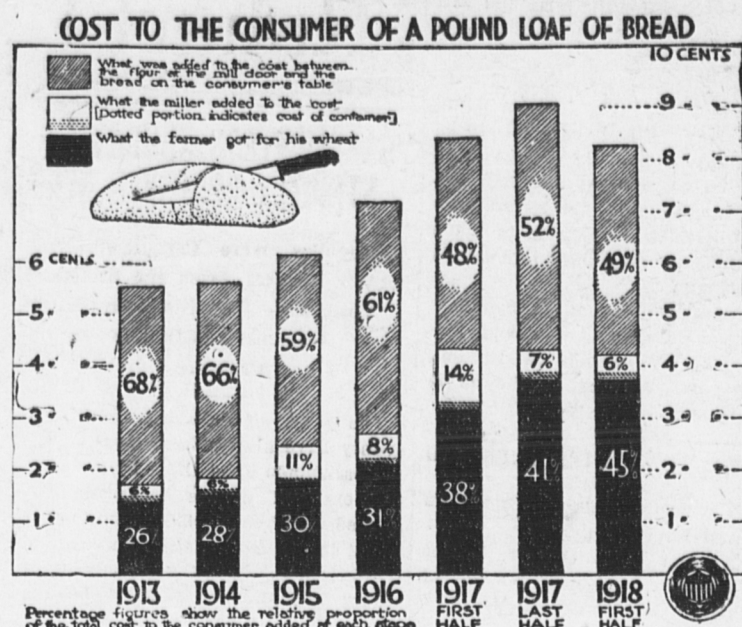

Our 1918 Labor Day celebration will feature this difference between the two systems of government which are now struggling for mastery. The thought behind these systems is older than any nation. In truth, nations are not an incident, but a process, in this struggle of human liberty and advancement versus the ancient theory of government so well illustrated by German Junkerdom.

Organized labor is not a peace movement. While we long for the day of industrial concord, when disputes between capitalists and laborers will no longer feature our industrial life, we refuse to paralyze our movement by surrendering the right to strike against wrong when other methods fail.

In a larger sense this theory is applicable to our Government when it calls for unity against an extension of those principles of autocracy which menace the majority-rule theory upon which our nation rests.

Cost to the Consumer of a Pound Loaf of Bread

(Explanation of Chart)

Since 1913 farmers have been receiving for their wheat a gradually increasing proportion of the price paid by the consumer for bread. The amount received by the wheat grower for his contribution to the average pound has increased from less than 1 1/2 cents per loaf in 1913 to more than 3 1/2 cents early this year. The proportion to the whole price is shown by the relative length of the black columns of the chart.

The middle portion of each column shows what the miller received for his milling costs and profit. This has been a somewhat variable factor, but is now at the minimum (6%). In this 6%, however, is included the cost of the containers (bags, sacks, etc.) shown as dotted area which has increased very nearly in proportion to the price of bread itself. Bags now cost about 50 per cent. more than in 1913 and 1914.

The shaded portion of the column represents the expense of distributing the flow, making it into bread and getting the loaf to the consumer.

The chart shows that the farmer is now receiving a much larger share of the final price for his product than in the past, and that a considerable amount of "spread" has been taken out of other expenses.

MOVE THE MUNITIONS

It has been pretty thoroughly demonstrated in this war that munitions are necessary as men behind the firing line. In fact they are the big requisite. Soldiers cannot fight effectively with clubbed rifles. Shrapnel is useless for machine gun use. Sixteen inch shells cannot be tossed into an enemy dugout by hand.

Every gun in the whole outlay must always be adequately supplied with ammunition if the best and most effective work is to be done.

And Uncle Sam is straining every nerve to see that this is accomplished. Millions of dollars have been expended in outfitting plants for the manufacture of munitions. Millions of dollars more are being expended in the building of ships to rush this ammunition across the ocean. And ammunition itself is tremendously expensive.

Without money to meet every demand Uncle Sam cannot meet this need.

And the people must furnish the money. There is no getting around it. Upon us directly is the responsibility for moving the munitions to where they will do the most good. The Yanks are doing their part at the front. They are holding up their end of the fight in a manner that challenges the admiration of the world and excites the wonder of the Huns. They're not laying back a minute.

Neither must we.

It is up to us, every one of us, to do our level best to furnish Uncle Sam just as many dollars as he needs, the soldiers just as much ammunition and as many guns as they must have; as many supplies for them and the allies as are necessary. We must furnish the stimulant for the big punch.

For in doing this we help shorten the fight; help bring more of the boys back home, and help hasten the day of their return. The quicker it is over the less sacrifice for all of us, the less bereavement, sorrow, mourning. The less heartaches.

Right now, when Yanks and their comrades in arms are pushing hardest along the German front more munitions than ever are necessary.

So let's all combine in helping move them speedily.

It means buying more Liberty Bonds.

GIRL WHO DIDN'T CARE

A long lost son returns to find his father torn from his sorrowing mother's side by the charms of a vengeful girl. See this picture at the Pastime Tuesday, September 3.

MINERAL DISCOVERED IN MISSISSIPPI HAS PRODUCED ASTONISHING RESULTS

By Its Use Vitality is Restored. Rheumatic Pains and Kidney Trouble Relieved After a Few Doses

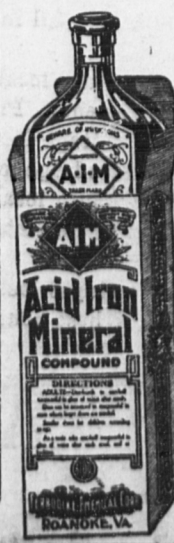

In every case where a physician has prescribed this wonderful iron tonic, or when a sufferer has heard of it through a friend or newspaper article, that person's condition has been greatly improved after a few doses.

A certain grocer (name and address on request), of Richmond, to use his own words, "Could hardly attend to business because of the pains in my back and limbs. I always experienced a worn-out and broken-down feeling."

due, believe to kidney trouble and advanced age, as I am sixty-eight years old. However, to make a long story of suffering short, I heard of the wonderful iron tonic A-I-M (Acid Iron Mineral), and decided to try it. So astonishing were the results that I am now well and hearty, eat anything I wish, sleep well, and my weight has been increased twenty-two pounds in six months' time. I only wish that other sufferers knew the benefit to be derived from A-I-M.

For building up weak, nervous, run-down people, Acid Iron Mineral is, undoubtedly, the best iron preparation known to the medical fraternity. It is powerful in iron, the greatest blood purifier and strengthener known. Taken as prescribed, it builds up the body as nothing else can.

Acid Iron Mineral is on sale at your favorite drug-store, or will be mailed you direct by the Ferrodine Chemical Co., Roanoke, Va., 50c and \$1 bottles.

STUDENTS ARMY TRAINING CORPS; WHAT IT MEANS

Letter Written By Mr. Cochran to Boys of Kentucky in Regard to Training Corps

Hon. W. D. Cochran of this city, chairman of the committee on Education of the State Council of Defense is sending the following explanatory letter to the boys of Kentucky: "The Student's Army Training Corps is the name given to the military organization to be perfected in the colleges this fall.

All able-bodied students in the college where corps is organized should enlist. The enlisted student does not receive pay, because he is on inactive service. He is, however, in the military service of the United States. He may attend camp for six weeks during the summer, when he receives pay.

His relation to the draft: The member of the Students' Army Training Corps is a volunteer in military service. He will, however, register when he reaches the age and upon notice by the President. The draft board will not call him for induction as long as he remains a member of the Students' Army Training Corps.

Not an exemption plan: This is not a plan for the exemption of college students. The purpose of the plan is to provide for the very important needs of the army for highly trained men as officers, engineers, chemists, doctors, administrators. The plan is an attempt to mobilize and develop the brain power of the young men of the country for those services which demand special training.

The presumption is that, for the next year, the largest proportion of the students reaching the required age will be used to supply the officers needed for the army. It is understood that at least four or five times as many officers will be required as the total number who will be graduated from all American Colleges and Universities. Enlistment in the S. A. T. C., therefore, while it does not promise an Officer's Commission, is at the present time the plainest road leading in that direction. Enlistment may be cancelled by withdrawal from college.

Opportunity will be given for the enlisted student who so elects, to transfer from army to navy or to be assigned in one of the various special corps. Regular uniforms, including hats, shoes and overcoats, will be furnished free to all members of the S. A. T. C., by the government. Officer instructors and military equipment will be provided by the War Department.

RIVER BOATS DO BIG LIVE STOCK CARRYING TRADE

Mississippi river boats hauled more live stock to the Independent stock yards at St. Louis during the first half of this year than they did in a corresponding period last year, thus relieving materially rail transportation, according to a report of the bureau of markets of the United States department of agriculture.

More than one-third of the receipts of cattle and hogs at the Independent yards in the last four months came by the river route and now practically all the Mississippi river boats using St. Louis as a terminal carry some live stock. While boat rates are a trifle higher than rail rates the stock reaches the market in better condition and shows less shrinkage.

The loss in dead and crippled animals is small compared with the loss in shipments made by rail. Usually less than carloads are shipped by individual owners and a system of tagging permits the stock of more than one man to be confined in the same pen.

PREPARING TO OPEN NEW DEPARTMENT STORE

Arrangements are under way for the early opening of the new Maysville Suit and Dry Goods Company's store. The building now occupied by the Star Clothing Store is being put in first-class condition for the occupancy of this new concern. The interior is being painted and everything will be in first-class shape for the opening.

What is the use of building roads and making no provision for maintenance?

MOTHER ALL RUN-DOWN

Had to Have Health, to Keep House for Four Children—What She Did

Narragansett Pier, R. I.—"I was all run-down, back ached and tired all the time I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition."—Mrs. Hannah Randall.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building and strength creating tonics.

John C. Peck Drug Co., Maysville, Ky., and at the best drug stores in every town and city in the country.

FARM COLONY ESTABLISHED ON TERRAZAS LANDS

Chihuahua City, Mexico—Gen. Francisco Murguia, commander of the northeastern military zone, has started an agricultural colony on the great states north of this city, which were confiscated from Gen. Luis Terrazas by Gen. Villa in 1913.

Gen. Terrazas was the most wealthy landowner in Mexico, owning fifteen ranches, about two-thirds of the state of Chihuahua, estimated at 5,000,000 acres.

Gen. Murguia has established himself at Molinar station on the Mexican Central railway and has brought from the south a load of former revolutionists and other undesirable, from Zacatecas and Torreon, and has put them to work on the land.

DIP CATTLE BY THOUSANDS TO KILL FEVER TICK

Reports to the bureau of animal industry disclose that May set a new record in the work of eradicating the cattle fever tick. In that month the number of cattle dipped was 5,468,600 the largest number reported in any one month since the campaign began actively in 1906.

The big figures are believed to indicate the unanimity with which southern live stock raisers have joined in the fight to free the south from the tick by 1921. The number of dipping available in May was 25,911, and 338 federal inspectors, 284 state inspectors, and 1,426 county inspectors supervised the work.

BIRDS ARE GREAT NUISANCE

Every evening hundreds of birds gather on the telephone tower in the East end of the city. They attract much attention from the passersby but they have become quite a nuisance to those living in the neighborhood. It is estimated that more than a thousand birds gather there each evening.

At the public sale of the personal property of Henry Clay Ferrow of York, Pa., a number of honey bees were disposed of at from \$1.70 to \$2 each. This was the highest price ever received in that county for bees.

VALUABLE ADVICE

Maysville Citizens Should Profit By The Following Statement.

Doan's Kidney Pills were used by this Maysville resident. Their merit was shown—the story told. Now comes further evidence. The testimony is confirmed. The remedy was tested—the results lasted.

Could Maysville residents demand stronger proof? It's Maysville testimony. It can be investigated. A Sorries, lock and gunsmith, W. Second and Wall Sts., gave the following statement in January, 1912: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backaches and when I stooped over, I had trouble in straightening up. Colds settled in my back and kidneys, too. Doan's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

A LASTING EFFECT On November 14, 1916, Mr. Sorries said: "I am the same strong believer in Doan's Kidney Pills today, as when I gave my former endorsement. I haven't had any trouble with my kidneys in that time and I believe the cure they gave me will be permanent."

Mr. Sorries is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches — If your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Sorries had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

FOR SALE

I will sell to the highest bidder all the household and kitchen furniture, including piano, dishes, rugs, etc., belonging to the estate of Miss Anna Dieterich, deceased, at warehouse room near the Greenhouse, at 2 o'clock Wednesday, September 4th. 28-1wk H. C. DIETERICH, Administrator.

Women employees of a company in Zion City, Ill., painted with yellow the fronts of the homes of John J. Smith and W. J. Payne, fellow workers, who are said to have refused to doff their hats when the company's service flag, with twenty stars, was unveiled recently.

The first steamboat on Lake Erie, the Walk in the Water, was launched at Black Rock, a short distance below Buffalo, just 100 years ago. She made her maiden voyage from Buffalo to Detroit in the following August.

Curiosity Calls

Any sudden alarm that may be sounded causes an avalanche of calls that are CURIOSITY CALLS—made for no other reason than that their originators desire to know all about the happenings.

Not only is "CENTRAL" unable to supply such information, but the sudden deluge of calls ties up the telephone lines and might seriously interfere with calls for fire, ambulances or other aids.

Why not be patient for awhile and allow the effect of such alarms to become normal. If such should be a forerunner of news, it will be carefully prepared by a reporter and may be read in the papers.

Two Fleming County Farms For Sale

Mr. George W. Foxworthy has listed with us two very desirable farms.

Farm No. 1—The home farm, where Mr. Foxworthy now resides 5 miles East of Flemingsburg, contains 116 acres, and has on it a good residence, large stock barn, tobacco barn, two silos and the usual outbuildings found on a well-improved farm; also an abundance of fruit of different varieties. About 80 acres of this farm is in and the land is all in high state of cultivation.

Farm No. 2—Contains 92 1/2 acres, adjoins the town of Mt. Carmel; has on it a new tobacco barn; and this farm is also in good state of cultivation. While there is no house on this land, there is a nice home close to the farm that can be bought very reasonable.

For particulars as to price, etc., see the undersigned or Mr. Foxworthy.

CIRCUIT COURT OPENS SEPTEMBER TERM TODAY

Busy Term of the Mason Circuit Court Will Be Opened This Morning By Judge Newell—Grand Jury Reports For Duty.

The September term of the Mason Circuit Court, usually the busiest term in the whole year, will be opened at the County Court House by Judge C. D. Newell this morning at 9 o'clock when the reports of the various county officers will be received and read.

The first important action to be taken by the court this morning will be the selection of the Grand Jury, its organization and the delivery of the charge by the Judge. The Grand Jurors have been summoned several days ago by the Sheriff although they have not been publicly announced. They will report at 9 o'clock this morning and after giving them the statutory charge and charges on any special matter that may have the attention of the court, they will repair to their rooms on the third floor of the Court House and begin their work, the Judge having first appointed a foreman.

This term of court does not promise just now to be such a very busy term but what the Grand Jury will do cannot be figured on and it may develop into a very important session.

The trial of a change of venue case from Lewis county in which the County Road Engineer is under indictment on a charge of fraud, will probably be the first case to come for trial. It will bring from Lewis county the majority of the county officials and many of the prominent citizens who are witnesses. The case was tried here last term and resulted in a hung jury. In the case testimony of experts is to be introduced, it is understood, and it will probably take a week of the court's time. Following this case there are some five or six criminal cases to come up for trial, chief of which is the case against Lewis Harris, indicted for willful murder in the killing of his wife.

Everything is in readiness for the opening of court and it is expected work will begin tomorrow when the petit jury, several days ago summoned, will report for service.

See, Tuesday at Opera House "To Hell With the Kaiser."

G. W. OWENS WAIVES EXAMINATION; HELD TO THE GRAND JURY

Examining Trial Dispensed With By Former City Clerk Accused of Embezzlement — Bond Is Left at \$6,000 For Appearance Today.

The examining trial of George Wood Owens, former City Clerk of the city of Maysville, was called before Police Judge John L. Whitaker Saturday afternoon at 2:30 o'clock. Mr. Owens was in court and was represented by Hon. W. D. Cochran, of the law firm of Worthington, Cochran and Browning.

When the case was called Mr. Owens waived his examination and he was held for Grand Jury investigation by Judge Whitaker. His bond was fixed at the same amount as he was held under for his appearance on Saturday—six thousand dollars but the surety on the bond was changed in one instance. The sureties on the examining trial appearance bond were Messrs. Thomas A. Keith, C. L. Wood and J. C. Everett but the new bond for his appearance before the Grand Jury carries the names of Thomas A. Keith, C. L. Wood and Mary Lee Forman as sureties. The latter is an aunt of Mr. Owens.

There were no new developments in the case Saturday except that it is learned from good authority that the alleged embezzlement of the former City Clerk will be considerable more than was at first thought. At first the shortage was reported to be about \$3,500. In a few days it was reported to be approximately \$6,000 but on Saturday it was said that the amount of the city's money alleged to have been used by the former City Clerk would go over \$9,000 and probably very close to \$10,000.

It is understood that the case will in all probabilities be compromised today. At least it is known that there is a movement on foot to reach a compromise before the case will be called for trial even should there be an indictment found by the present Grand Jury.

See, Tuesday at Opera House "To Hell With the Kaiser."

INJUNCTION CASE TO BE HEARD TODAY

Court Will Today Decide Whether or Not County Judge Purnell Has Right to Appoint New Oil Inspector.

The suit for injunction recently filed by County Oil Inspector J. F. Rice against County Judge H. P. Purnell in an attempt to enjoin him from appointing Mr. Stanton Clift as Inspector of oils in Mason county, will come up for argument before Circuit Judge C. D. Newell in Circuit Court this morning.

It will be remembered that on Saturday, August 24, Judge Purnell appointed Stanton Clift Inspector of oils for Mason county and immediately suit was filed by Mr. J. F. Rice asking injunction against Mr. Clift enjoining him from qualifying and injunction against Judge Purnell to keep him from appointing anyone to the position.

Judge Newell issued temporary restraining orders and set this morning as the time for hearing of arguments on the permanent injunction. Judge Purnell will be represented by Worthington, Cochran and Browning and James M. Collins while Mr. Rice will be represented by Stanley F. Reed.

Governor and Mrs. W. H. Cox are moving from Market street to their palatial home in West Second street.

GREAT CELEBRATION OF LABOR DAY AT BEECHWOOD TODAY

Maysville Will Observe Labor Day as Never Before Today—Great Parade on Down Town Streets This Evening.

Today is Labor Day and Labor Day means more in Maysville this year than ever before.

For the first time in recent years the holiday will be celebrated on an extensive scale in this city. All plans for the big day were completed several days ago by the Chamber of Commerce committee having the matter in charge and as yet there has been nothing to cause the promoters of the big celebration to think that it will be anything short of a record breaking celebration.

The Augusta Band will arrive in the city this morning and give several concerts on the street. This band will give several concerts at Beechwood Park this afternoon and this evening. The Community Chorus practice Saturday evening was a wonderful success. There is no doubt but that Mason county can get together one of the best community choruses in the entire state of Kentucky and this organization will make its debut this evening. Miss Archdeacon is the pianist while Mrs. W. B. Campbell is the reader with the organization and Carl Dadds is the leader.

The committee this morning requests the business men and the residents to decorate their homes and places of business with American flags. This is a patriotic Labor Day and the display of the Red, White and Blue all over the city is urged.

All arrangements for the gun shoot and athletic meet are to be carried out to the letter and the big dance in the pavilion at night promises to be one of the most interesting parts of the entire day's program.

The big parade late this afternoon in which the business men will take a part as well as the members of the local trade unions will be something worth seeing and it is certain that before that time the city will be filled with people from all over the country.

The entire city should get into the spirit of the day and pay all honor to the laborers of the nation in their only holiday of the year.

In the past many Maysville and Mason county people went to Cincinnati and other cities to spend Labor Day but this year they will spend the day at home where we will have one of the biggest and best celebrations in the entire Ohio Valley.

RAINS OF PAST WEEK HAVE PROVEN LIFE SAVER TO CROPS

Late Corn Will Do Well Say the Farmers and Tobacco Will Make Itself Following Good Showers of the Past Week.

The rains which two weeks ago would have given to Mason and adjoining counties a bumper corn and tobacco crop came last week and while they were very late they were not too late to do good and farmers report that the late corn crop was greatly benefited and that the rains brought the tobacco crop out wonderfully.

Every indication now is that tobacco will be little injured by the dry spell while the affects of the drought will be seen very much in the corn for had there been plenty of rain when the corn was in the making this country would have produced one of the greatest crops of corn ever yet grown in this section.

The farmers during the past week did very little in their crops. The Germantown Fair attracted many and the displays there were said to have been worth the time and the attention of the farmers. All displays were up to the usual standard of Old Reliable and the farmers are very well pleased with the judgment of the judges in the various contests.

Today is expected to find a great number of the Mason county farmers in Maysville for the stock sales and the big Labor Day celebration. It has been talked up and boosted all over this and adjoining counties and it is expected that there will be a record breaking attendance of the farmers.

The weather conditions were such during the past week that the real estate dealers could do little but the rains have put the country in such a condition that the agents are expected to get busy during this week and several big land deals which are pending are expected to be consummated during the week.

Little activity in stock has been reported. It is expected that there will be little cattle or horses on the Maysville market today but it is reported quite a lot of sheep will be offered, this being Sheep Day on the market.

See, Tuesday at Opera House "To Hell With the Kaiser."

INJURED MAN HOLDS HIS OWN

Jake Taylor, who was seriously injured at Dam 33 Friday and who is now a patient at Hayswood Hospital with a fractured skull, is reported as holding his own during the past two days but he is still far from out of danger.

HENDRICKSON NAMED REPUBLICAN COMMISSIONER

At a meeting of the State Election Commissioners held in Frankfort on Saturday, Mr. Frank L. Hendrickson was re-named Republican Election Commissioner for Mason county.

Mr. Earl Dora returned to his home at Cleveland, Ohio, this morning after a pleasant visit with relatives and friends here. Mr. Dora is expecting an early call to the military service.

See, Tuesday at Opera House "To Hell With the Kaiser."

UNION MEN WILL OBSERVE TODAY AS HOLIDAY

All of the trades union men will observe today as a holiday. There will be no union carpenters, painters or bricklayers work today and all union barber shops will be closed for the afternoon.

Mr. Earl Dora returned to his home at Cleveland, Ohio, this morning after a pleasant visit with relatives and friends here. Mr. Dora is expecting an early call to the military service.

CITY SCHOOLS WILL OPEN TERM TOMORROW

City School Officials Announce That Everything Is In Readiness For Opening—Large Enrollment Is Expected.

Maysville City Schools will open tomorrow morning following the regular three months summer vacation and the school authorities announce that everything is in readiness for the beginning of the regular grind. There will be no actual teaching tomorrow according to the usual custom. The students will report at their proper buildings and will meet their teachers and become matriculated. They will be furnished with a printed list of the books necessary for the term and will then be dismissed to make the purchases.

The book dealers say they are ready for the usual big rush of students and their parents. All of the books to be used this year have been purchased by the dealers months ago and are now on the shelves of the stores. Special salesmen and saleswomen have been employed and the big rush is only awaited.

The Board of Education has now filled all of the vacancies in the faculty of the various schools and nothing will mar the opening so far as is known now.

GLAZIER TALKS WITH PERSHING

The Newport column of yesterday's Cincinnati Enquirer says:

"In a letter W. L. Glazier, former City Engineer and Superintendent of Waterworks, Newport, now Major of Engineers in France, stated he had a chat with General John J. Pershing. Major Glazier also wrote entertainingly of the life of soldiers of the United States in France. He found the ancient Roman roads of special interest to engineers. Lieutenant Willard Rawlins, also a Newport man, is in France with Major Glazier."

Major Glazier before receiving his commission, was city engineer of Maysville.

NO RURAL MAIL DELIVERIES ARE MADE TODAY

Because Labor Day is recognized as a National holiday there will be no delivery of mail on the Maysville rural routes today but the carriers will have a double load tomorrow by the accumulation of today's mail.

"GASOLESS SUNDAY" STRICTLY OBSERVED HERE

Automobiles Were Conspicuous By Their Absence From the Streets Yesterday—Maysville Answers Government's Call to Conserve.

The people of Maysville and Mason county have always been loyal in every call made upon them by the government and on yesterday demonstrated their complete observance of every government wish in an effort to win-the-war when the streets were empty of automobiles when in the past they have been filled the major part of the day.

There was little joy riding in Maysville or Mason county on Sunday and there will be much less joy riding on the following Sundays or until the Federal Fuel Administration announces that the "Gasoleless Sunday" suggestion has been removed.

It was a beautiful day and an ideal day to spend in the machine traveling through the country but instead of the automobile the people spent the day in the churches, at their homes or in a stroll over the city. Many went to Beechwood Park and spent the greater part of the afternoon under the huge beech trees.

Maysville and Mason county can always be counted on to do their full part toward carrying out any request of the Federal officials.
